

HAGAR HAMDY

MOBILE DEVELOPER

HELLO

I'M HAGAR

Mobile developer with a passion for building seamless and innovative mobile applications. With a strong focus on delivering high-quality user experiences, continually embraces new challenges in the fast-paced world of mobile development.

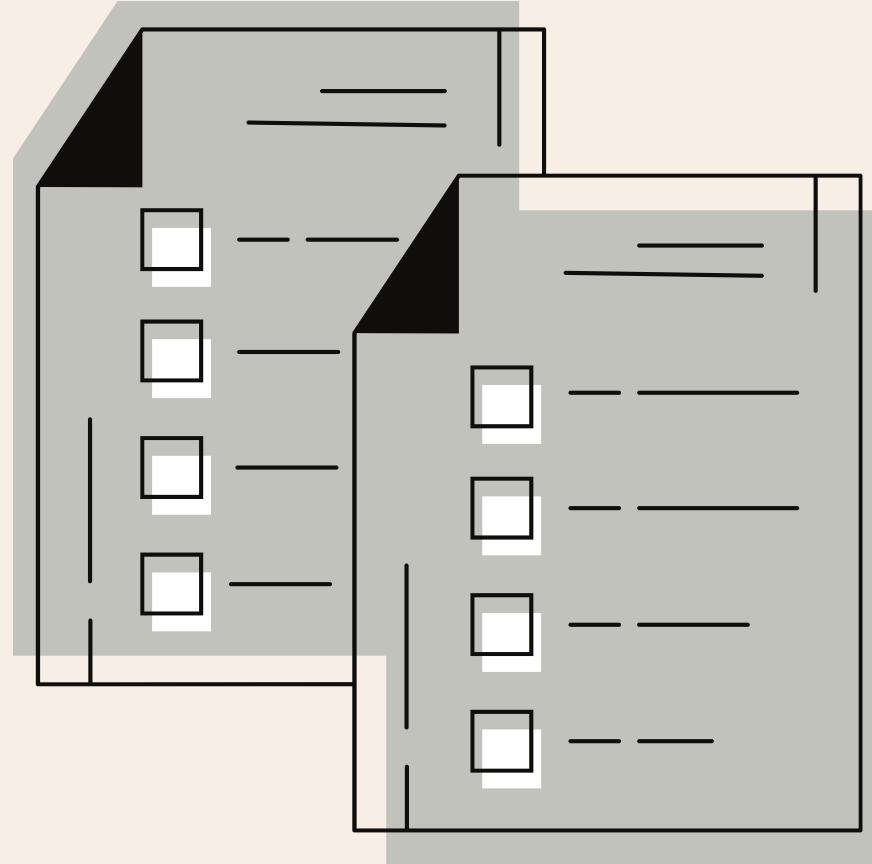

ABOUT ME

Motivated and detail-oriented Flutter Developer with hands-on experience in building cross-platform mobile applications. I have made 6 mobile apps with Flutter, Android, and iOS technologies, including To Do List app and BMI calculator app. Skilled in using the Flutter framework and Dart programming language to create responsive, user-friendly apps for both Android and iOS platforms. Strong problem-solving abilities, a passion for learning new technologies, and an excellent team player.
